GOVERNOR

Ending Obamacare

Obamacare is government overreach on steroids. It's damaging our economy and destroying Idaho families with exorbitant insurance premiums and federal mandates. It's socialized medicine and is wiping out any thread of the free market in our healthcare system. That's why I've been out in front trying to kill Obamacare by co-sponsoring bills like the Defund Obamacare Act. Obamacare should be replaced with a solution that encourages free enterprise.

As governor, I'll battle the federal government to stop Obamacare, and fight to restore free market principles in healthcare here at home.

"Obamacare should be replaced with a solution that encourages free enterprise."
